

Product Summary: Regular Whole Milk Powder for Tea

Ingredient overview

We've identified a market need for a product designed specifically for tea lovers.

Our NZMP Regular WMP for Tea is a tailor made solution for repack manufacturers wanting a regular WMP that dissolves quickly and easily in hot tea. Every batch is tested for tea use to ensure its quality and performance for this application.

Our Regular WMP for Tea offering

- *Designed to dissolve quickly and easily in hot tea*
- *It retains its creamy flavour and provides the necessary whitening*
- *For quality and assurance, we test the powder in tea during the grading process*
- *The powder has shown significant consistency in tea application compared to regular WMP*
- *Contains milk protein at a typical level of 24.5%, and typical milk fat content of 26.3%*

Applications

- ✓ **Repack into end consumer product**
- ✓ **For direct addition into hot water and tea**

This grass-fed dairy ingredient is made from the milk of New Zealand cows who can graze outdoors on the grass of open pastures, as nature intended.

VERSION01.AUG/2017

Key benefits for you and your customers

NZMP Regular WMP for Tea has the same characteristics you've come to expect from NZMP Regular WMP but with improved solubility performance when tested in tea.

- ✓ **Good solubility in hot water and tea**
- ✓ **Tested for suitability in hot water and tea**
- ✓ **Full fat content and rich creamy flavour**
- ✓ **Stable flavour profile**
- ✓ **Good flow properties and consistent composition**
